- A passionate and dynamic music teacher who is committed to the development of music at Gatehouse School.
- Have strong keyboard, vocal and instrumental skills, who can make a key contribution both to class music teaching and to the extra-curricular musical life of the school.
- Have the experience, ability and drive to lead the department.
- A colleague who will fulfil the expectations in the key areas of responsibility set out above.
- An adaptable musician and professional colleague, with strong communication and team-working skills.
- A colleague who is wholly committed to the safeguarding, welfare and protection of children at Gatehouse School, and to its ethos of pastoral care.

We would be delighted to welcome applications from colleagues currently working in the maintained sector and from experienced primary or secondary teachers, although experience of teaching the primary aged children is highly beneficial. Understanding our high expectations, a commitment to working hard and clear evidence that you are committed to developing music at our school are crucial.

You need not have worked in a prep school before, but you do need to understand and have empathy with the ethos and spirit of independent education where subject specialist teaching is provided. You will also need to fully support the ethos of our inclusive, non-selective school.
